SPRING SUGGESTIONS.

Rents Are Due

to wash-day, unless you wash with Pearline. It's the washing in the old way with soap and rub, rub, that makes the holes in your clothes. You can't get them clean without rubbing; you can't rub without wearing them out. A month of ordinary use won't make the wear and tear of one such washing.

Try a little Pearline—without soap. The dirt comes out easily and quickly without rubbing. There's no need to drag it out by main strength-there's nothing to hurt your clothes, no matter how delicate. There's no hard work about it either. It's easy washing-both for the woman who washes and the things that are washed. It's safe washing, too. Pearline removes the dirt, but won't harm anything else.

Beware Feddlers and some unscrupulous grocers will tell you, "this beware is as good as" or "the same as Pearline." IT'S FALSE—thing in place of Pearline, do the honest thing—send it back. 166 JAMES PYLE, New Yorks. THE STANDARD COCOA OF THE WORLD
